Docket Number: 2020-229-E

Public Service Commission

Ladies and Gentlemen:

It worries me to learn that Dominion Energy would like to increase fees to customers who have solar panels.

I understand the fee would be as much as \$60.00 monthly in addition to what I already pay Dominion for my energy use. This increase would truly represent a difficulty for me. I am a retired senior and as everyone knows, Social Security payments do not keep with up with increases such as the one proposed by Dominion Energy.

By having solar panels, I thought I was doing my small part in contributing to the health of the planet, but if I cannot afford the expense, the panels will have to come down. What a pity!

Sincerely,  
 Mercedes Maza
